President's Report

Hi and welcome to another edition of the Werribee 4WD Club magazine.

There has been a lot going on of late with caravan shows, club trips, meetings and planning for upcoming events. We are in the process of finalizing some details of our midyear event so we can get the word out and pull a sub committee together to get this event cracking.

It has been great to see so many awesome little trips being run, yes some of them may only have had two or three members on them and yes they may have only been advertised a day or two before but none the less the options for us to get out there with fellow members has been there for us to take advantage of. I managed to get out on a little night drive which was just one such of those short notice trips and it was a great little run through some tracks that I had never done before, a fun little selection of tracks with a few of those bloody horrible mud holes that some people seem to love.

We have another round of basic training happening this week with the theory at the Hoppers Club and the practical being held out at the old Bacchus Marsh quarry. We have been partnering up with the Melton 4WD club and the last few basic trainings have had members from both clubs there gaining the insight and direction from our experienced generous volunteer instructors. We are very lucky in this club to have such a wealth of knowledge and willing trainers, I know that Marc Seow, that champion bloke who has stepped up to perform as our social secretary in an acting capacity is even going to be out there with the barbie cooking up a storm of snags to feed the troops.

We were lucky enough to take our caravan down to Inverloch with some friends of the club on the weekend and it was a wonderful chance to set up and just let life happen. We stayed at the waterfront caravan park which is run by the Ingenia group but is apparently a Parks Victoria park and as such it is quite basic with no massive water parks, no pump tracks or swimming pools but the lovely grass sites gave us ample room for a couple of vans with room for some seriously fun kick to kick with the Kiddos! It really bought back the simple fun that can be had from the simple things, don't get me wrong I wouldn't head off without our coffee machine to kick start the morning!

I look forward to the next time I get out with the swag and really step it back down to the bare essentials of an open sky, a small camp fire, a decent single malt and a galaxy of stars.

Where are you going next? What step up will you take/use? Are you headed to the outback, the bush or the beach? Please share your plans and adventures with us on the members Facebook group and even consider turning one into a club trip or event, we have many experienced members that would be more than happy to help out if your unsure on how to run a trip or want a trusty tail end Charlie.

I look forward to seeing you all at our April meeting where we will be getting a full build run down on Anthony and Nicole's new little DIY caravan, having a sausage sizzle supper and doing the usual monthly meeting stuff.

As always, drive safe, keep exploring and take care.

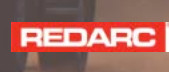

Rowan Burton.

June

Save the date: Geelong 4WD Club Moonambel Weekend 9-12 June 2023

Moonambel Recreation Reserve

FYI, this is a save the date for an event organised by the Geelong 4WD Club.

"More information to follow next year, but the format will be similar to the previous events.

We are again hoping to make this a great social weekend. There will be multiple trips in the Pyrenees district to suit all levels of experience including beginners, communal fires to socialise and stay warm, music and a giant raffle with great prizes. Most importantly, great company and a fun weekend.

Camping will be on the Moonambel Recreation Reserve and is suitable for all forms of camping including caravans. There are toilets and hot showers at the facility. Powered sites are limited and available on a first in basis.

Camping fees are \$30 per night for a powered site and \$15 for unpowered.

There is no additional charge for Members of Clubs affiliated with Four Wheel Drive Victoria.

Visitors who are not Club members will be charged \$45 for the weekend if driving their own vehicle and \$15 for passengers. This will include insurance under the FWDV"

Big Desert 30th June to 3rd July

Trip Leader - Chris Butterworth

Register here: <https://www.werribee4wdclub.com.au/event-5189810>

Planning a trip to Big Desert national park.

It's quite a long way, so I would likely look at heading in that direction on the Thursday evening, stopping half way, aiming to get there on Friday, explore for a couple of days, and head back on Monday. We'll likely stay at Big Bill Campground, but no firm plans at the moment.

When you decide to come and go is up to you.

Highlights will include:

- Big Dune
- Pink Lake
- Murrayville Pub
- Camping in the desert

Alan Kendall

In 1985 Alan Kendall wanted to share his love of Four Wheel Driving with other likeminded people in the Werribee area. An advert was placed in the Werribee Banner and the Werribee & District 4WD Club was born. 37 years later we have an amazing club full of life long friendships thanks to Alan.

Alan also spent 47 years in the Werribee CFA, holding virtually every position, was founding member of the Werribee Caravanning Club, Werribee TowBars and many more associations.

The Werribee & District 4WD Club Commemorates Alan Kendall, Annually awarding the Alan Kendall Memorial Trophy to the Club Member who contributes most, and best represents the core values of our club Family, Fun, Friendship.

Trip Report - Anglesea/Otways March 2023

Trip Leader: Chris Butterworth.

We planned an exploration of the tracks around Anglesea and Paddy's Swamp. The weather was fine and the company outstanding.

We set off from IGA, heading into Anglesea heath around Alcoa Boundary Track.

The going was easy around, though this was likely because when we tried to access a number of the tracks that looked like they had a more difficult rating we found them closed. In fact many of the tracks we had planned to do were closed, making it difficult to take the planned route.

On the whole though, the tracks around Anglesea made for a pleasant trip and would be well suited to beginners whilst the weather is dry. On a wet day conditions would likely deteriorate quickly.

In search of adventure we found ourselves on Powerline track. Whilst the top of the hill is gated, there is a bit to explore on the track leading up the hill. We found a deep rutted section with a bit of a drop and a few of us tested it out.

While a couple made it down, whilst playing about a patrol, prado and finally the 80 series got stuck by slipping into the ruts and diffing out. This resulted in a lengthy recovery.

Werribee District 4WD Club

Once we had ourselves together again we made our way along Denham track, which was an easy but enjoyable run through the forest.

We reached the Paddy's Swamp area late in the day and checked out an unnamed track near Hammonds Road Campground. This turned out to be a very difficult, steep decent into a creek with no easy exit. As it was 4.10pm we decided this was a bad time to start on such a challenge and made our way towards the pub.

Werribee District 4WD Club

On the way we checked out Gentle Annie Track which was easy, Clarke Spur track, which was closed, and Cole Mine Creek track, which was easy enough, but fun all the same. We exited out onto the great ocean road with spectacular views.

In all, it was a good day to get out in the fresh air and enjoy the scenery. Anglesea heath though is not worth the visit for anything other than a casual and easy exploration.

Paddy's Swamp deserves further exploration though, and we'll be back.

Trip Report - Mt Terrible 26th March 2023

Trip Leader:- Marc Seow

Car 2: Brad Carlyon

Car 3: Philip Nass

Saturday - 25th March 2023

Very last minute trip, posted it the day before. Bradley was the 1st to respond as he is always ready for a drive.

It didn't look like anyone else was keen and we were 50/50, Brad had to work that night and finished up late, he could have slept in and take it easy on Sunday. I was feeling it too and the interest was declining by the second.

All things changed at 1030pm when Phillip messaged and said I'm in. He was like a spark that ignited the desire to go on this trip.

I got everyone to confirm that night, organized the meeting place and started planning the trip on my iPad.

Werribee District 4WD Club

Sunday - 26th March 2023

Met Brad at the Servo and we convoyed to Healesville to sync up with Phill. Picked up some pies for lunch and headed off to Mt. Terrible. We aired down once we hit dirt road, did a few shakedown tracks before making our way up to Mt. Terrible. We had a bit of everything, ruts, rocks, some bog holes but not the Lerderderg kind. It was a good test for the vehicles, albeit nothing too technical. It was just right for our group.

Stopped for quick lunch, looked around the hut and then made our way to Eildon. Few steep sections going down from Mt Terrible and we took it slow and easy. I had my tyred down to 18psi and Phil had his at 16Psi. Brad was in the low 20's. All good, no damage, no skidding, all smiley faces.

Werribee District 4WD Club

We reached our 4 O'clock track called Steep track which leads to our final destination - Foggs Lookout, it overlooks Lake Eildon. It was a great track to finish our day and it looked like the boys had a great time. This was the track that got me started in 4WD. My mate, Conrad De Souza brought me on a trip and this was where it all began for me. A month later I bought my mighty V6 Prado. I shared this story with the boys and they nodded, smiled and said, I can see why – it's a great track. Total time was about 11+ hours and just under 500Km driven. It was a big drive, with a group of guys who love driving.

How to run a Club Trip

It's easy to run your own trip, here are the steps to running a great club trip.

- Contact the Trip Co-Ordinator tripcoordinator@werribee4wdclub.com.au
- The Trip Co-Ordinator will forward on required Trip register etc via email – Print out prior to the trip
- Create an Event on Facebook
 - a. Go to Facebook Member's page
 - b. Click Events,
 - c. Click + in top right-hand side,
 - d. In person – Then add date & times,
 - e. Location could be the meeting place, Add description, This should be amount of spots available, Required recovery gear, Required training level or Easy, Medium, hard. Meeting place and time to meet. (Remember to make your meeting time 20 – 30 minutes earlier than departure time to allow filling out Trip Register and group chat about the trip.
 - f. Invite all members.
 - g. Click Create Event.
 - h. Member's will reply with name and car number e.g.: Trev & Wassana Car #1,
 - i. Next car will indicate Name & Name Car #2 and so on.
 - j. Once the trip is full members will reply Reserve Name & Name Car #1 – the reserve car will then slot in if there is a cancellation.

Its recommended to limit the number of Cars to 10, if it becomes popular you can find another trip leader to run two groups.

On the Day

Items for the pre-trip discussion.

- Introduction of Trip leader, Tail End Charlie, and general introduction of members on the day
- Allocate a member to run the trip report (usually whoever arrives late or first to get a "fine")
- Convoy Procedures.
- It's generally worth putting experienced members between inexperienced members and introduce new members.
- On departure get each car to do a radio check (UHF channel 27), nothing worse than losing someone because they can't hear instructions or direction.

After the trip

- Follow up your trip with a fun post on the Members Facebook page.
- Create a photo album on the Members page for the event and encourage members from the trip to share pictures.
- Submit trip report to the Trip Co-Ordinator.

The latest news from Four Wheel Drive Victoria

March 2023

Volunteer Hours Needed

The end of the financial year is not far away, this means that it is nearly time to total the incredible amount of hours our amazing volunteers give back to the local communities across the state. With a new Environmental Minister, Minister Ingrid Stitt, taking the place of Minister D'Ambrosio, it is essential that Four Wheel Drive Victoria have received any and all volunteer hours your club has undertaken to be able to represent the Association and really impress the Minister with all the hard work undertaken to give her the best view possible of Four Wheel Drive Victoria.

If you have any hours to send in, please send them to projects@fwdvictoria.org.au. If you need a copy of the volunteer hours data sheet, they can be downloaded from the website, www.fwdvictoria.org.au. It is essential that any volunteer work no matter how small is recorded and sent in to be able to be include in the reports.

New Modification Codes

The newly released Gross Combination Mass (GCM) modification code and amended existing Gross Vehicle Mass (GVM) modification code will allow an increase in mass ratings of light vehicles in Queensland. This has been a huge amount of work by TMR Queensland and their NSW & Victorian counterparts along with the AAAA working group. Four Wheel Drive Australia are extremely proud to be associated with this working group in which our Industry will no doubt see the benefits into the future.

More about this exciting announcement and further details can be read on our website.

Ballarat Great Outdoors Show

The Ballarat Great Outdoors Expo is the next show up! The event is to be held at the Ballarat Showgrounds over the 28th to 30th of April 2023 and with plenty of big name stall holders it will make for a terrific event. Be sure to get down to check it all out!

2023 Seasonal Closures

The DDECA proposed seasonal closure list for 2023 has now been sent to club executives, the Parks Victoria proposed seasonal closures list will follow shortly. Please make sure your club has a good look at this list and note any concerns regarding changes to the list. These responses are needed ASAP to make sure feedback can be passed on and dealt with in the correct manner.

Trackwatch Articles Needed

We need interesting articles and high-resolution photos about your club for Trackwatch magazine. Trackwatch is distributed far beyond our clubs and is seen by many organizations as well as Government agencies and politicians, so it is a terrific way to show your club to the world.

Please email your articles and photos to projects@fwdvictoria.org.au

If you don't want to receive a hard copy of Trackwatch and would rather read it electronically, send an email to the Four Wheel Drive Victoria office, office@fwdvictoria.org.au. The latest 4 issues of Trackwatch are always available to read on the Four Wheel Drive Victoria website. www.fwdvictoria.org.au

DEECA Volunteer Surveys

Part of Four Wheel Drive Victoria's KPI's with our Land Managers consist of assisting with volunteer surveying. There are numerous sites across Victoria that have been selected with high visitation rates expected. DEECA staff will be on site throughout the process to assist with the surveys. Club executives please check your emails for more information regarding these surveys, send this information to your club members and please let the Four Wheel Drive Victoria office know if anyone in your club is available across what date and site. These surveys make up part of Four Wheel Drive Victoria's KPI's so it is very important to get as many done as possible.

Flood Affected Parks and Forests

There are still many parks and forests that are affected by the flood events of late 2022. Please exercise caution around flood waters and take the safe approach.

To keep up to date with current conditions and park/track closures please check the following resources. To check which tracks have extended closure periods please visit the Parks Victoria website via this link for Parks Victoria managed regions: <https://www.parks.vic.gov.au/.../flood-and-storm-affected-parks> To check which tracks have extended closure periods please visit the DEECA website via this link for DEECA managed regions: <https://www.ffm.vic.gov.au/.../closures-of-parks-and-forests>

Easter and ANZAC Day Camp Host Opportunities

We are sprinting through the year and already have arrived at March. Both, the Easter Long weekend and ANZAC Day Holiday provide an excellent opportunity for your club to host a camp host! Acting as a point of contact in a campground for Parks Victoria and DEECA, as well as a helpful guide for those new to the area, a camp host allows your club the great opportunity to showcase its community values in assisting others and also works as a great promotional tool for your club in attracting new members.

If your club has an area in mind that they would like to hold a camp host please let the Four Wheel Drive Victoria office know projects@fwdvictoria.org.au, alternatively a camp site can also be recommended to your club.

VicRoads New Distraction Laws

Please be aware there are new laws being brought in to limit driver distractions on public roads throughout the state. The Minister for Roads and Road Safety recently announced changes will be enacted from March 31, this will bring Victorian regulations into line with the rest of Australia. The news changes are set cover built in vehicles systems, mounted devices, wearable and portable devices. You can read about these changes in full on our website, www.fwdvictoria.org.au. Along with these rules new camera technology is also set to debut on Victorian roads in the coming months to help detect those using phones or not wearing seat belts whilst driving.

Victorian 4x4 Show Recap

The Victorian 4x4 Show was held at Lardner Park on the 19th of February. With fortunate sunny weather it was a busy day and a good turnout at the show for all exhibitors and visitors alike. You can read more about the Victorian Show in the March edition of Trackwatch, be sure to check it out.
