The Werribee District 4WD Club is a family-oriented club that started back in 1985 to provide members from all walks of life the opportunity to share their passion for four-wheel driving.

The club caters for all levels of experience, from the complete novice, through to the seasoned tourers and hardcore off roaders. The club has a diverse range of members ranging from singles to retired couples.

Meetings are held on the first Thursday of each month (excluding January) at the Masonic Hall, 223 Watton Street (Cnr Greaves Street) Werribee. Doors open at 7:30pm for an 8:00pm start. Visitors and new members are welcomed.

Membership Fees:

Annual Fees can now be paid Via our new website werribee4wdclub.com.au or into the club's bank account.

Account Details: BSB: 633 000 Acc: 187 852 546

Please email the Treasurer if You have paid via EFT.

Postal Address:

Werribee District 4WD Club Inc.

P.O. Box 449, Werribee Victoria 3030.

Magazine submissions must be emailed to editor@werribee4wdclub.com.au no later than the 15th of the month for them to be included in the Magazine.

President's Report

Welcome to our May edition of the mag.

Yep time is flying this year and it is May already! We are fast approaching the mid-year event and I hope that you have all responded to Chris's message to give us a good gauge on attendance EARLY ON so that we can offer the club the sort of event you want. As with last year, if we don't get the commitment in numbers then we will have to seriously look at whether we hold the event at all as it would be poor governance by us to over invest in an event that isn't getting significant buy in from the members.

We do need help with the mid-year and Anthony Goulemas will be leading the sub committee for the event. Please reach out to him if you are able to help out as many hands make light work.

We are also steaming along towards the AGM which will be held on Thursday the 3rd of August. This the time to start thinking about whether you are prepared to step up and put in some extra effort into the your club, I believe a number of positions will become vacant this year so if you think you might be keen please seriously consider it as the same faces can't keep shouldering the burden. If you think you might like to give it a go please reach out and have a chat to some of the current committee members and get an understanding for just what goes into the running of the club.

We have our run of guest speakers continuing with Robert Pepper – club member and resident fount of knowledge talking at this months meeting, I'm sure we will all learn something. If you have a particular type of guest you would like to see join us at a meeting or if you know someone who you think would be a good fit then please reach out to either myself or Chris Butterworth and we will see about making it happen.

It is nice to see regular trips heading out and we hope to have beginner friendly trips regularly happening on the weekend after our general meetings, this has been a tricky initiative to get off the ground but hopefully with a few new trip leaders coming to the fore it might become a reality sooner rather than later, we are also looking at incentivizing the post meeting beginner trip by offering a \$50 fuel card to the trip leader on theses trips. There are some great little adventures not too far out from Melbourne and it will be these that we target for the beginner friendly trips.

Chris B is also working on an exciting new flyer idea that we believe will help drive some fresh new faces towards the club that will be promoted in various appropriate locations.

We are also looking for some where to store the club trailer so please sing out if you have somewhere that might work.

Well that's a rough little wrap up of what is going on and what is coming up, I hope to see you all at the May meeting on Thursday the 4TH at 7:30pm at the Masonic Hall

Rowan Burton.

President 2022/23

president@werribee4wdclub.com.au

Werribee District 4WD Club

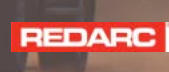

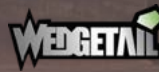

The position of Secretary has become vacant.
We will be voting in a new Secretary at the May meeting.
If you are interested and can commit to the role please put your
hand up and help run this awesome club.

**Nominations will be accepted & Voted on at
the May Meeting**

Come join us - Thursday 4th of May at the Werribee Masonic Hall.

FEEES DUE SOON

As per the member vote at last years AGM, our renewal fees have increased from \$90 to \$100 for the financial year commencing July 1st 2023.

Membership renewal fees are due on the 15th of June.
Please Log-in to the Club Website to process your payment.

Werribee District 4WD Club

What's Coming Up?

June

Save the date: Geelong 4WD Club Moonambel Weekend 9-12 June 2023

Moonambel Recreation Reserve

FYI, this is a save the date for an event organised by the Geelong 4WD Club.

"More information to follow next year, but the format will be similar to the previous events.

We are again hoping to make this a great social weekend. There will be multiple trips in the Pyrenees district to suit all levels of experience including beginners, communal fires to socialise and stay warm, music and a giant raffle with great prizes. Most importantly, great company and a fun weekend.

Camping will be on the Moonambel Recreation Reserve and is suitable for all forms of camping including caravans. There are toilets and hot showers at the facility. Powered sites are limited and available on a first in basis.

Camping fees are \$30 per night for a powered site and \$15 for unpowered.

There is no additional charge for Members of Clubs affiliated with Four Wheel Drive Victoria.

Visitors who are not Club members will be charged \$45 for the weekend if driving their own vehicle and \$15 for passengers. This will include insurance under the FWDV"

Mid Year Function 24 June

Save the date!!

Join us for the Mid-Year function.

More details to be announced soon.

Big Desert 30th June to 3rd July

Trip Leader - Chris Butterworth

Register here: <https://www.werribee4wdclub.com.au/event-5189810>

Planning a trip to Big Desert national park.

It's quite a long way, so I would likely look at heading in that direction on the Thursday evening, stopping half way, aiming to get there on Friday, explore for a couple of days, and head back on Monday. We'll likely stay at Big Bill Campground, but no firm plans at the moment.

When you decide to come and go is up to you.

Highlights will include:

- Big Dune
- Pink Lake
- Murrayville Pub
- Camping in the desert

August

Annual General Meeting

1 COMPACT

THERE'S A CLEARVIEW TOWING MIRROR FOR EVERYONE WITH 3 STYLES TO CHOOSE FROM!

2 NEXT GEN

3 ORIGINAL

1. The single mirror Clearview Compact Towing Mirror is our smallest towing mirror which slides right back into the vehicle when not towing, to look just like an OEM mirror.

2. When set to their normal driving position, the Next Gen Towing mirrors remain unobtrusive during your daily commute when you don't need extended mirrors, or when you need to fit into tight spaces.

3. Our Original Towing Mirrors are much larger than any standard mirror and feature a huge single mirror above a smaller convex mirror – for serious towing!

Lower and raise your fridge with the press of a button for convenient access to its contents.

- ✓ Lightweight Efficiency
- ✓ Low Power Consumption
- ✓ 180kg Load Rating smoothly lowers and raises a fully loaded fridge.

290 MM DROP
HOLDS 180 KG

Clearview products can be purchased and installed through our dealer network, Australia-wide

Alan Kendall

In 1985 Alan Kendall wanted to share his love of Four Wheel Driving with other likeminded people in the Werribee area. An advert was placed in the Werribee Banner and the Werribee & District 4WD Club was born. 37 years later we have an amazing club full of life long friendships thanks to Alan.

Alan also spent 47 years in the Werribee CFA, holding virtually every position, was founding member of the Werribee Caravanning Club, Werribee TowBars and many more associations.

The Werribee & District 4WD Club Commemorates Alan Kendall, Annually awarding the Alan Kendall Memorial Trophy to the Club Member who contributes most, and best represents the core values of our club Family, Fun, Friendship.

Vale Alan Kendall.

Werribee District 4WD Club

Trip Report - Beginners Night Drive 22nd April

Trip report by Nicole Goulemas.

Trip attendees included Brett and Seth, Colin, Adam, Jessica, Selvan, Ed, Benny, Fairweather family, Anuj, Padbury family, Mark and the Goulemas family. Trip was approximately 163km and took approximately 5 and a half hours.

We met at the Ampol service center in Werribee at 6.15pm. Once everyone had arrived Anthony gave a run down of the trip and convoy procedures as we had a few of our newer members on this trip which was great to see. After he gave the run down it was time to hit the road towards the Brisbane Ranges. We headed out on Wests Rd around the back of the tip to Manor Rd and turned left onto Bulban Rd. From there we turned right onto Edgars Rd and then Left onto Kirks Bridge Rd. Just as Anthony was telling the convoy know he would call out any kangaroos as we got closer to the YouYangs I saw 2 big ones on the right side of the road which he cut himself off to announce. Thinking this may be a sign of things to come I kept my eyes open for more. We didn't see another one until we got into the Brisbane Ranges. We turned right onto Little River-Rippley Rd and then left onto Bacchus March Rd. From there we turned right onto Granite Rd. We took this road slower to catch the convoy back up again. Once we were all caught up we turned left onto Staughton Vale Rd. Then we turned right onto Geelong-Ballan Rd and took that to Switch Rd where we turned right to enter the Brisbane Ranges.

We pulled into the Stoney Creek Picnic Area where we had some hot jam donuts from the travel buddy and a bit of a catch up. We took some pictures and then it was time to keep going on our journey.

Werribee District 4WD Club

We pulled out of the picnic area and went left to continue along Switch Rd. The road is still very easy from the last time it was graded so it was a cruisy drive with some steep inclined switch backs. We got to the end of Switch Rd and turned left onto McLeans Hwy which is far from a highway. We took McLeans Hwy to Thompsons Rd and turned left to head to Aeroplane Rd. This road is a little more like a track as it hasn't been graded so was great for the beginners in the club. It was rocky and a bit shaley so quite bumpy. We decided

to do this road in reverse to the way we usually do it so we came up the rocky hill and not down it. So we went past Aeroplane Rd to Reids Rd and turned right to head to the other end of Aeroplane Rd. We turned right into Aeroplane Rd and only a few meters in we had someone join our convoy. His name was Skip and he insisted on being our trip leader but he couldn't handle the responsibility, so he left us shortly after joining us. We saw a couple more small wallabies through out the drive but that was about it until later on. At the end of Aeroplane Rd we turned right back onto Thompsons Rd and then left onto Reids rd to head towards Steiglitz. Reids rd becomes Brisbane Ranges rd and we continued along there until we got to Geelong-Ballan Rd and we turned left. We had a short stop at the Harry Peeters Reserve for a toilet break. There were 4 people standing in the carpark who probably felt a little uncomfortable seeing us all pull in. I spoke to them briefly. They said they thought it was a some sort of group out for a drive. They said when they saw the first 2 cars pull in they were a little uneasy then saw the rest and quickly thought it's a group.

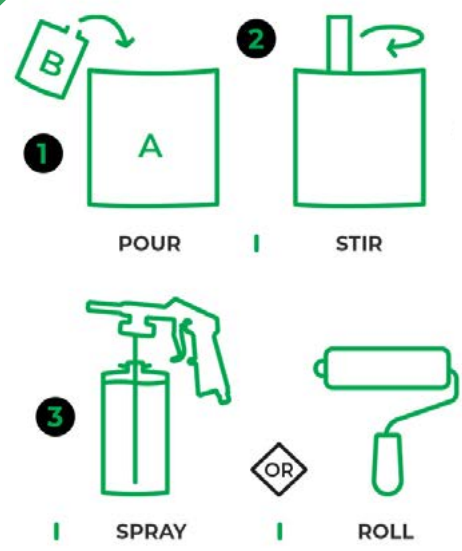

Werribee District 4WD Club

Then were curious about where we were going and who we were. I mentioned who we were and that we were taking some of our newer members on a night drive. They thought this was cool and we each went our separate ways. Benny departed the convoy from Peeters Reserve to head home and we continued on to head to Steiglitz-Durridwarrah Rd and turned right. We then turned right onto Lease Rd which usually has kangaroos along it but we didn't see any. We turned left onto Yankee Gully Rd and took that back to Steiglitz-Durridwarrah Rd where we turned right. At the end of Yankee Gully Rd you are facing the United Albion Mine Site. Anthony pointed it out on the radio to the rest of the convoy, we didn't stop this time as it was dark. If you are in the area its definitely worth stopping to look at. There used to be a sign there explaining the site but it appears to have been vandalised. The ground is uneven and there are steep hills with no paths if you wanted to walk around the site. If you stand on the far side of the site from where you park the car and look down the hill you can see an old

mine cart. We want to attempt to get to it for a closer look next time we go. Its worth the stop. And a short walk from the mine site is Fridays camp ground and the Old Mill Picnic Area. After Anthony spoke about it we kept driving into Steiglitz which is an old historical town. People live there now but each house has signs out the front and they are old original buildings. The courthouse is a museum of the area too, that is also worth checking out if you're in the area. As we were reaching the top of the hill there were a heap of kangaroos, we turned right onto Meredith-Steiglitz Rd where all the kangaroos came across the road in front of us. I thought I filmed it on the gopro but I had knocked it into time lapse mode and missed the entire lot which I didn't realise until we got home to review the footage. From here we headed home back along Steiglitz-She Oaks Rd to Steiglitz Rd through Maude left onto Robbs Rd, right onto Geelong-Ballan Rd and left onto Anakie Rd and onto the Geelong Ring Rd back to Werribee. We had to depart the convoy at the Lovely Banks service center but the rest of the convoy continued on home. A couple of people's feedback was that it was a nice relaxed trip that was good and enjoyable for an introduction and loved it like always... It was great just to get out & about with a good bunch of people (And not break anything this time). Cant disagree with that

PREDATOR - TEXTURED PROTECTIVE COATING

**IMPACT, SCRATCH, CHIP, CORROSION, WATER, CHEMICAL & UV RESISTANT.
AVAILABLE IN WHITE, BLACK AND TINTABLE VERSIONS**

Our Mission

Our mission is to provide a range of quality products to the automotive industry, focusing on Automotive Vehicle body repair and restoration markets. We achieve this by combining high-quality products with a high economic standpoint to provide customers with a profitable solution to their paint supply requirements.

Our Products

We offer a diverse range of products with epoxy primers and polyesters, high fills, and clear coats, just to name a few. We also offer full tinting systems, and paint products required to complete the painting process from start to finish.

- e) Order and Maintain Tuck Shop stock

VISITOR LIAISON

Duties to include:

- a) Greet Visitors and introduce to club during meeting
- b) Ensure prospective members are aware of all relevant information on how to join.
- c) Maintain a register of any potential new member enquiry
- d) Monitor social media for new member enquiries and make contact

Werribee District 4WD Club

From this, to that! DIY Caravan build

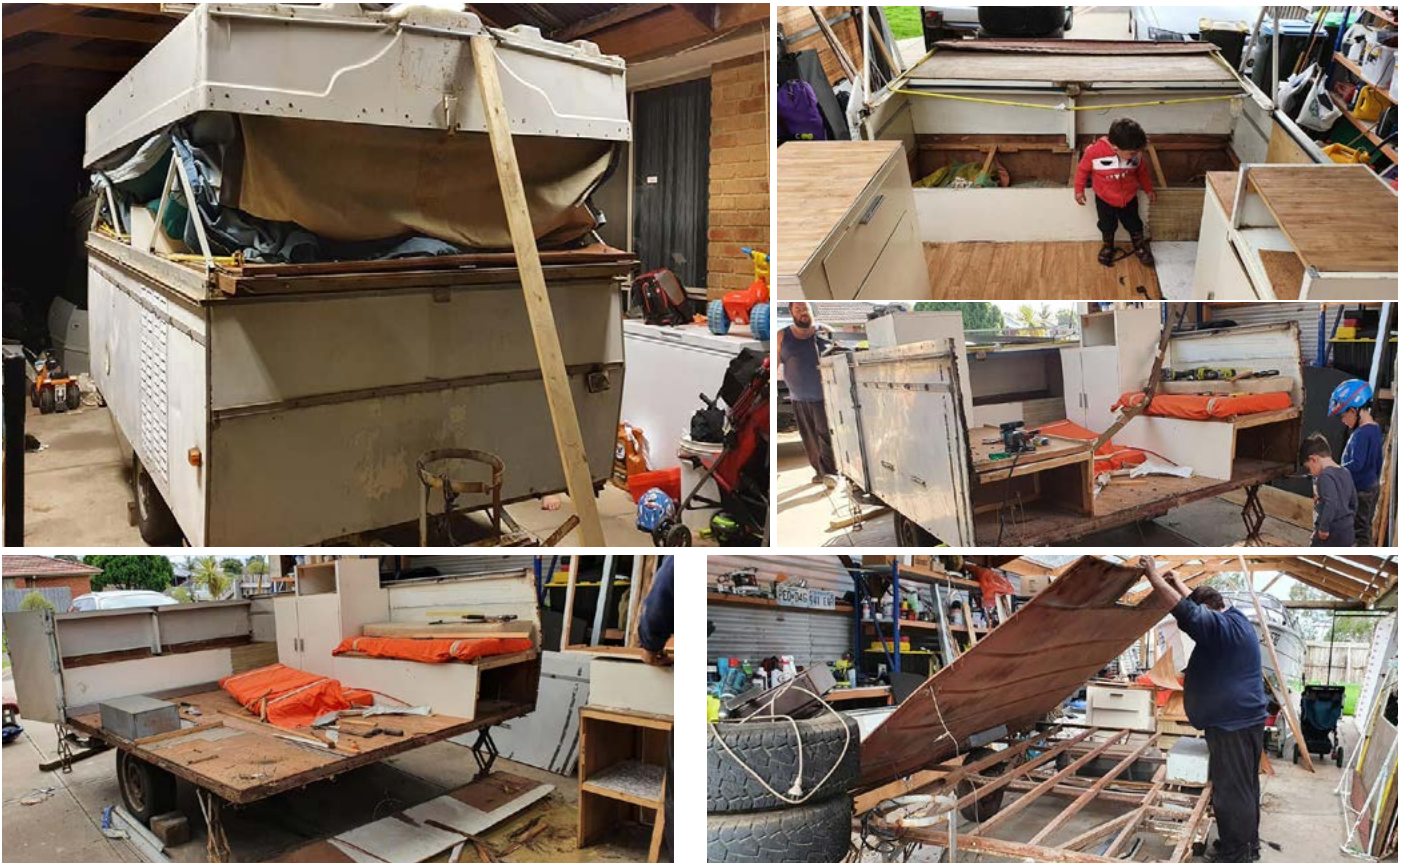

By Anthony Goulemas

31st May 2020 – The project started life as a grand idea to refurbish an old 70's Chesney camper trailer...It had good Bones...Famous last words.

The lifting mechanism had a broken cable, and would have been a simple fix – but as expected for a camper of its age, there was water damage in the corners.

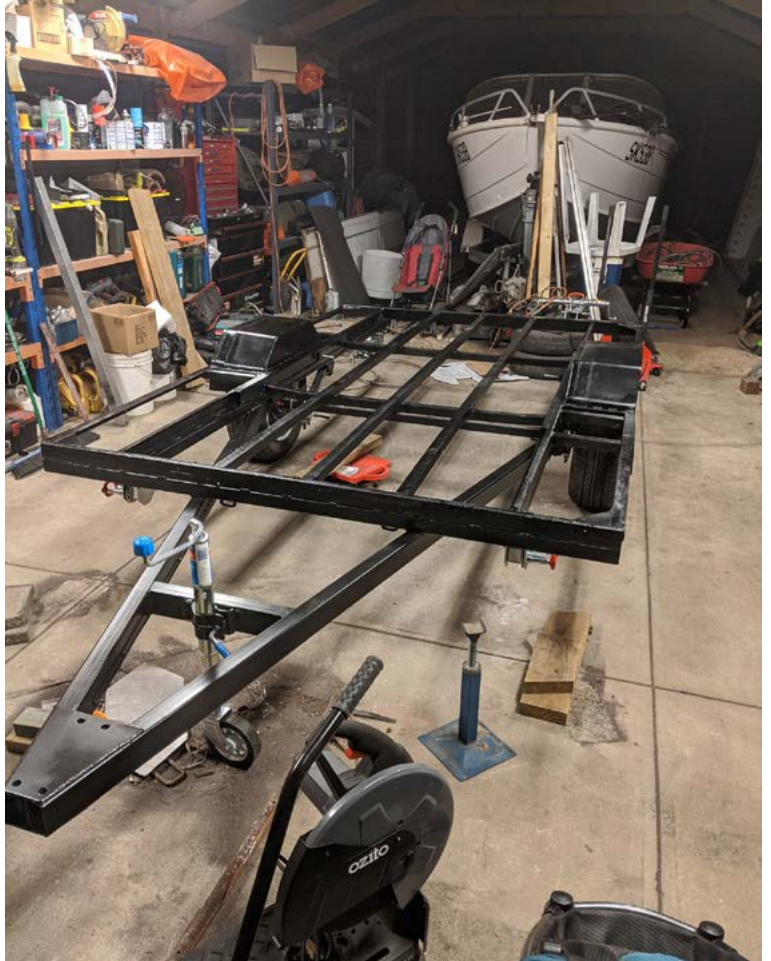

What started out as rebuilding the back wall, fixing the lifting mechanism & modernising the interior quickly spiralled out of control into a full-blown rebuild. With the help of my two boys (if you could call running off with whatever the last tool I put down was help) I stripped the old camper down to a Bare frame.

Werribee District 4WD Club

Expecting that at some point we would be towing it long distances I made the decision to build a new chassis with all new suspension & salvage the floor frame so that in some way the Chesney could live on. From there I began rebuilding the rest of the frame to the same design & dimensions as the original Camper. I was at the point where the frame was built, lifting mechanism completely remade, floors down, ready for the walls to be skinned. Then Covid Lockdowns hit hard and the project died.

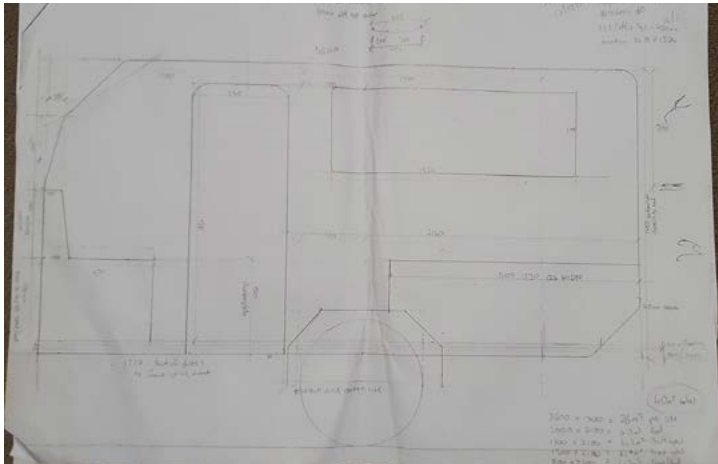

Werribee District 4WD Club

It lay there untouched for almost 2 years. We hired a forward fold camper for a holiday in Jan 2022, decided a forward fold was not what we wanted and I convinced myself to turn the dormant camper project into a caravan.

While on that Holiday I found a door and windows online, drove to Kyabram (from Barham) to get them. It was at this point I'm certain that Nicole was convinced I was insane.

We got home, returned the hired camper and I set about completely redesigning the project into our little caravan. I spent about a week finalising plans, calculating weights and load requirements and put a material list together.

Shortly after that, it was announced that the regulations around home building trailers was going to change by the 1st of July 2022! I had a deadline – 6 Months!

Luckily, a month out from the deadline the government decided to extend it by 12 months. So my deadline changed from June 30th 2022 to November 2022 so it would be done in time for the Club Christmas party!

I cut off the walls I had built for the camper, flipped the chassis upside down again, cut off the brand new drawbar that had only so much as dragged the chassis around the block on a test run and welded in a new bigger drawbar for my new target ATM of 2000kg.

The chassis got widened by 150mm and lengthened by 850mm to make the dimensions you see today. I relocated the axle further back to get the centre of balance just right (As it sits today it weighs 1100kg & has a towbar down weight of 100kg.)

The wall frames are 25x25x2mm galvanised steel. The outer walls are clad with 3mm Alucobond which I was lucky to score for almost nothing - \$60 for 3 6m x 2.4m sheets meant I could do all the walls & roof skin in single sheets with no seams apart from the corners. The inner walls are clad with conventional pre-painted caravan ply.

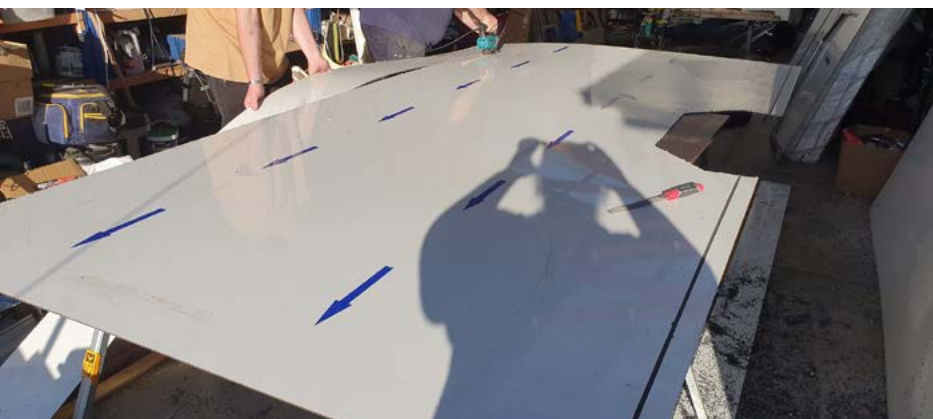

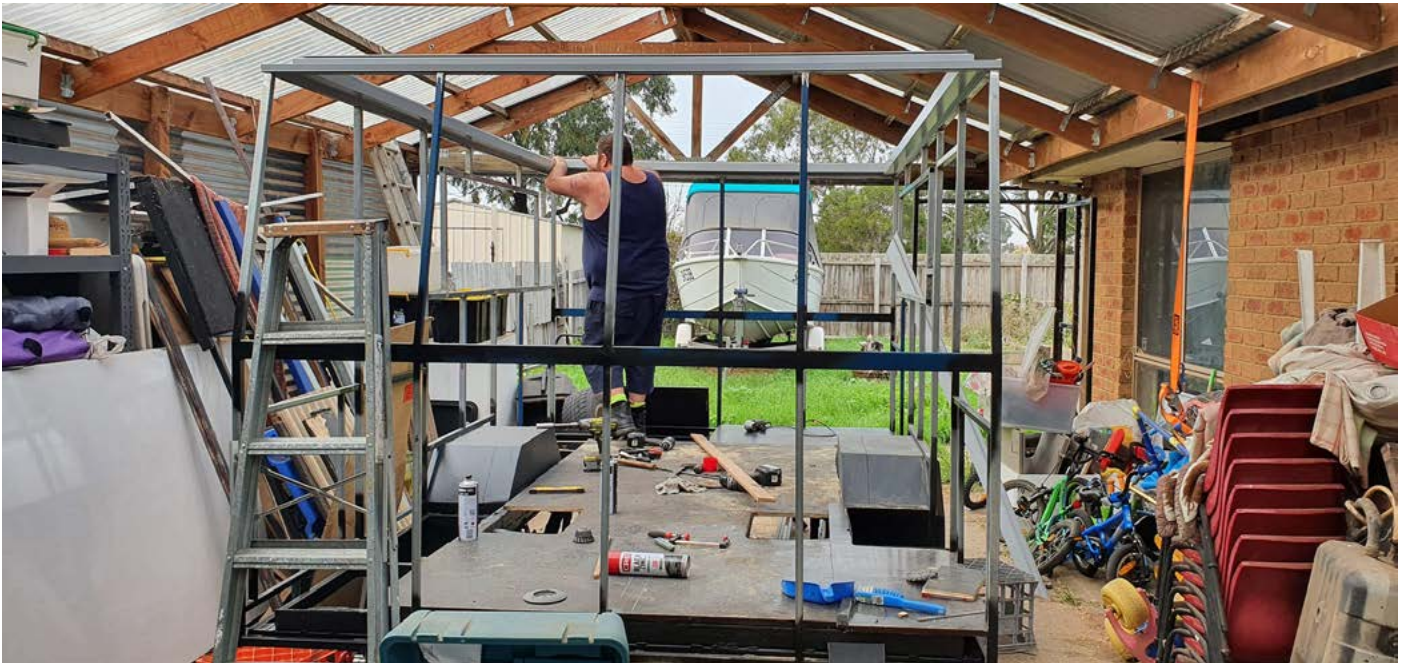

Werribee District 4WD Club

The wall frames are 25x25x2mm galvanised steel. The outer walls are clad with 3mm Alucobond which I was lucky to score for almost nothing - \$60 for 3 6m x 2.4m sheets meant I could do all the walls & roof skin in single sheets with no seams apart from the corners. The inner walls are clad with conventional pre-painted caravan ply.

All the wall & ceiling voids are insulated with 25mm foilboard sandwiched between the inner & outer layers. There are provisions for windows in the frame - I did sell off the ones I bought at the start of the project as they turned out to be too big once we figured out the interior layout. I just haven't settled on a window size yet & windows are pretty bloody expensive so I want to get it right this time.

Werribee District 4WD Club

After the roof lifters were fitted I took the van to my good friend Deon at Decca trimming. He has done a magnificent job on the pop-up skirt using high quality marine grade canvas.

I built all of the interior cabinets out of 16mm Laminated ply, and drawer cases out of ½ " ply. Bed frame is 30x20x2mm steel frame hinged off-centre to allow for maximum storage under the bed while still leaving space for the kitchen unit to slide in.

I built the kitchen cabinets in a rush for our first big trip & will be modifying them to lower the bench height. Also, the top currently on it is just temporary until we settle on the final configuration before I make the nice pretty top (which will be the same timber as the little countertop inside the van.

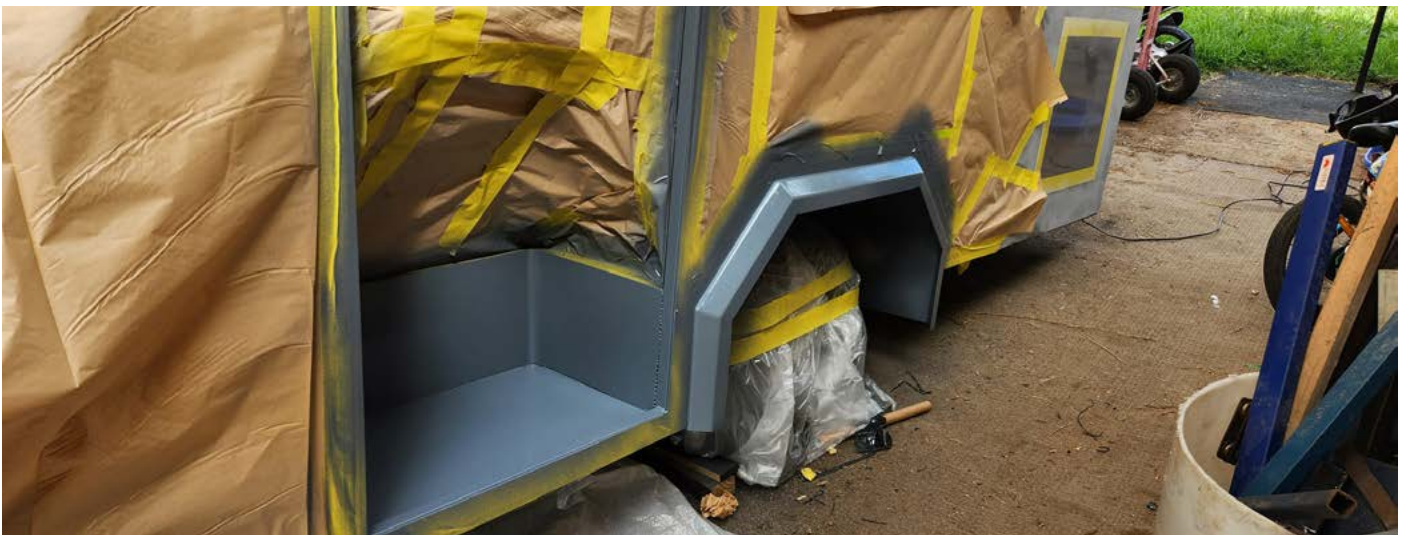

Werribee District 4WD Club

I'm running two old truck batteries from work for the time being (They were free, so while they still work I'll use them). Itechworld 40a Solar controller and One 350w solar panel – I have a second panel I just haven't fitted yet, the single panel has so far proven to be more than adequate. There is also space on the roof for another two, smaller panels (once I fit the second 350w) which would yield around 700w of Solar. I have a Victron 240v charger just in case – both the Victron & Itechworld units are suitable for Lithium batteries, however Once the full solar system is setup I do plan on upgrading the Renogy to a Victron solar controller as I have found the Victron so much easier to setup & use. I do have a 2000w watt inverter to install, which will happen in due time.

Werribee District 4WD Club

It was a mad rush to get it ready for registration, but I got lucky with an easy person to deal with at Vicroads on the day & no hiccups, leaving with number plates on the van on the 22 Nov 2022. I still have so many little jobs to do, but now it's registered & usable, the little jobs are less important than just getting out there & using it!

How to run a Club Trip

It's easy to run your own trip, here are the steps to running a great club trip.

- Contact the Trip Co-Ordinator tripcoordinator@werribee4wdclub.com.au
- The Trip Co-Ordinator will forward on required Trip register etc via email – Print out prior to the trip
- Create an Event on Facebook
 - a. Go to Facebook Member's page
 - b. Click Events,
 - c. Click + in top right-hand side,
 - d. In person – Then add date & times,
 - e. Location could be the meeting place, Add description, This should be amount of spots available, Required recovery gear, Required training level or Easy, Medium, hard. Meeting place and time to meet. (Remember to make your meeting time 20 – 30 minutes earlier than departure time to allow filling out Trip Register and group chat about the trip.
 - f. Invite all members.
 - g. Click Create Event.
 - h. Member's will reply with name and car number e.g.: Trev & Wassana Car #1,
 - i. Next car will indicate Name & Name Car #2 and so on.
 - j. Once the trip is full members will reply Reserve Name & Name Car #1 – the reserve car will then slot in if there is a cancellation.

Its recommended to limit the number of Cars to 10, if it becomes popular you can find another trip leader to run two groups.

On the Day

Items for the pre-trip discussion.

- Introduction of Trip leader, Tail End Charlie, and general introduction of members on the day
- Allocate a member to run the trip report (usually whoever arrives late or first to get a "fine")
- Convoy Procedures.
- It's generally worth putting experienced members between inexperienced members and introduce new members.
- On departure get each car to do a radio check (UHF channel 27), nothing worse than losing someone because they can't hear instructions or direction.

After the trip

- Follow up your trip with a fun post on the Members Facebook page.
- Create a photo album on the Members page for the event and encourage members from the trip to share pictures.
- Submit trip report to the Trip Co-Ordinator.

eNews Direct To Members

This ENews is a new format that Four Wheel Drive Victoria will be sending on a monthly basis or as needed, directly to your Inbox. As a member of Four Wheel Drive Victoria you will have the option to OPT OUT if you do not want this communication from us. If you do not opt out you will continue to receive these emails. You can opt out at any time.

The latest news from Four Wheel Drive Victoria

March 2023

Volunteer Hours Needed

The end of the financial year is not far away, this means that it is nearly time to total the incredible amount of hours our amazing volunteers give back to the local communities across the state. With a new Environmental Minister, Minister Ingrid Stitt, taking the place of Minister D'Ambrosio, it is essential that Four Wheel Drive Victoria have received any and all volunteer hours your club has undertaken to be able to represent the Association and really impress the Minister with all the hard work undertaken to give her the best view possible of Four Wheel Drive Victoria.

If you have any hours to send in, please send them to projects@fwdvictoria.org.au. If you need a copy of the volunteer hours data sheet, they can be downloaded from the website, www.fwdvictoria.org.au. It is essential that any volunteer work no matter how small is recorded and sent in to be able to be include in the reports.

Cor Crosswick Road & Howitt Street, Ballarat Victoria

www.greatoutdoorsexpo.com.au | [Facebook](https://www.facebook.com/greatoutdoorsexpo) | [Instagram](https://www.instagram.com/greatoutdoorsexpo)

Next Expo - Mt DORA | 30 June - 02 July 2023, Mildura Racecourse

New Modification Codes

The newly released Gross Combination Mass (GCM) modification code and amended existing Gross Vehicle Mass (GVM) modification code will allow an increase in mass ratings of light vehicles in Queensland. This has been a huge amount of work by TMR Queensland and their NSW & Victorian counterparts along with the AAAA working group. Four Wheel Drive Australia are extremely proud to be associated with this working group in which our Industry will no doubt see the benefits into the future.

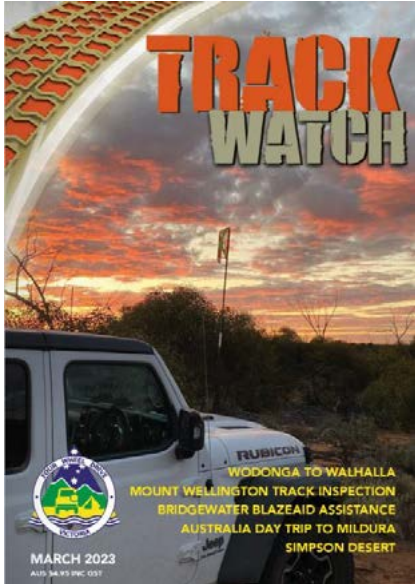

More about this exciting announcement and further details can be read on our website.

Ballarat Great Outdoors Show

The Ballarat Great Outdoors Expo is the next show up! The event is to be held at the Ballarat Showgrounds over the 28th to 30th of April 2023 and with plenty of big name stall holders it will make for a terrific event. Be sure to get down to check it all out!

2023 Seasonal Closures

The DDECA proposed seasonal closure list for 2023 has now been sent to club executives, the Parks Victoria proposed seasonal closures list will follow shortly. Please make sure your club has a good look at this list and note any concerns regarding changes to the list. These responses are needed ASAP to make sure feedback can be passed on and dealt with in the correct manner.

Trackwatch Articles Needed

We need interesting articles and high-resolution photos about your club for Trackwatch magazine. Trackwatch is distributed far beyond our clubs and is seen by many organizations as well as Government agencies and politicians, so it is a terrific way to show your club to the world.

Please email your articles and photos to projects@fwdvictoria.org.au

If you don't want to receive a hard copy of Trackwatch and would rather read it electronically, send an email to the Four Wheel Drive Victoria office, office@fwdvictoria.org.au. The latest 4 issues of Trackwatch are always available to read on the Four Wheel Drive Victoria website. www.fwdvictoria.org.au

DEECA Volunteer Surveys

Part of Four Wheel Drive Victoria's KPI's with our Land Managers consist of assisting with volunteer surveying. There are numerous sites across Victoria that have been selected with high visitation rates expected. DEECA staff will be on site throughout the process to assist with the surveys. Club executives please check your emails for more information regarding these surveys, send this information to your club members and please let the Four Wheel Drive Victoria office know if anyone in your club is available across what date and site. These surveys make up part of Four Wheel Drive Victoria's KPI's so it is very important to get as many done as possible.

Flood Affected Parks and Forests

There are still many parks and forests that are affected by the flood events of late 2022. Please exercise caution around flood waters and take the safe approach.

To keep up to date with current conditions and park/track closures please check the following resources. To check which tracks have extended closure periods please visit the Parks Victoria website via this link for Parks Victoria managed regions: <https://www.parks.vic.gov.au/.../flood-and-storm-affected-parks> To check which tracks have extended closure periods please visit the DEECA website via this link for DEECA managed regions: <https://www.ffm.vic.gov.au/.../closures-of-parks-and-forests>

Easter and ANZAC Day Camp Host Opportunities

We are sprinting through the year and already have arrived at March. Both, the Easter Long weekend and ANZAC Day Holiday provide an excellent opportunity for your club to host a camp host! Acting as a point of contact in a campground for Parks Victoria and DEECA, as well as a helpful guide for those new to the area, a camp host allows your club the great opportunity to showcase its community values in assisting others and also works as a great promotional tool for your club in attracting new members.

If your club has an area in mind that they would like to hold a camp host please let the Four Wheel Drive Victoria office know projects@fwdvictoria.org.au, alternatively a camp site can also be recommended to your club.

VicRoads New Distraction Laws

Please be aware there are new laws being brought in to limit driver distractions on public roads throughout the state. The Minister for Roads and Road Safety recently announced changes will be enacted from March 31, this will bring Victorian regulations into line with the rest of Australia. The news changes are set cover built in vehicles systems, mounted devices, wearable and portable devices. You can read about these changes in full on our website, www.fwdvictoria.org.au. Along with these rules new camera technology is also set to debut on Victorian roads in the coming months to help detect those using phones or not wearing seat belts whilst driving.

Victorian 4x4 Show Recap

The Victorian 4x4 Show was held at Lardner Park on the 19th of February. With fortunate sunny weather it was a busy day and a good turnout at the show for all exhibitors and visitors alike. You can read more about the Victorian Show in the March edition of Trackwatch, be sure to check it out.
